Lennar Named #1 Homebuilder Worldwide on FORTUNE Magazine's 2021 List of 'World's Most Admired Companies'

Feb 23, 2021, 09:30 ET | PR NEWSWIRE

Magazine's 2021 List of World's Most Admired Companies.

"We are honored to be named as the #1 Homebuilder in the world on the FORTUNE World's Most Admired Companies list which we believe is a reflection of our excellent operating platform coupled with a comprehensive technology strategy," said Stuart Miller, Executive Chairman of Lennar. "This recognition is a testament to the extraordinary efforts and dedication of all Lennar Associates in delivering exceptional quality homes while providing an excellent customer experience and creating value for our shareholders. We are proud to foster an environment where Associates and Trade Partners can thrive and be empowered to give back to the communities in which we build."

The annual survey, conducted by FORTUNE and Korn Ferry, a global organizational consulting firm, is given to top executives, directors and financial analysts, to identify the companies that enjoy the strongest reputations within their industries and across industries.

FORTUNE's World's Most Admired Companies list is the definitive report card on corporate reputations. Korn Ferry has collaborated with FORTUNE annually since 1997 to identify, select and rank the World's Most Admired Companies and uncover the business practices that make these companies highly regarded among their peers. To compile the rankings, corporate reputation and performance are measured against nine key attributes: innovation, people management, use of corporate assets, social responsibility, quality of management, financial soundness, long-term investment, quality of products and services, and global competitiveness.

Lennar Corporation (NYSE: LEN and LEN.B), the nation's leading homebuilder, today announced that it has been named **#1 Most Admired Homebuilder** on FORTUNE
